

# Eastern Advanced Manufacturing Alliance

## Join Today!

**What is EAMA?**- EAMA is a non-profit organization comprised of manufacturers in Eastern Connecticut, South Central Massachusetts, and Northwest Rhode Island. EAMA works with its education and training partners to promote and improve Manufacturing Careers and the Regional Manufacturing Workforce.

EAMA creates a platform for over 50 companies to speak with one voice to advance the region's manufacturing agenda.

### Our Mission

It is our mission to strengthen the regional advanced manufacturing industry by harnessing the collective energy of regional manufacturers through advocacy, workforce and education development, and career awareness.

**Benefits of EAMA-** *Your company can enjoy many benefits by becoming a member of EAMA:*

- Priority Access to Trained Workers and recent Graduates of Advanced Manufacturing Programs
- Professional Networking & Information Sharing
- Ability to provide Direct Feedback to Education and Training Providers about Work Force Needs
- Members have access to EAMA Partners such as EWIB
- Ability to provide input on State Manufacturing Policy and Initiatives
- Company Tours allow members to raise Public Awareness and Cultivate Future Workforce
- Participation in a Variety of Events designed to Enhance Awareness such as State Funding, Apprenticeship and Best Practices *(some events listed on following page)*

### **Members Guidelines:**

- Membership in EAMA covers your entire company (as many representatives as you wish)
- Designated employees from member companies can participate in all EAMA meetings and events
- Annual Dues are \$100 for new members and \$200 for continuing members
- Applications are subject to approval by the EAMA Board of Directors

*Membership Application Attached*

## Over 50 Member Companies

Acme Wire Products Co., Inc.

**GENERAL DYNAMICS**  
Electric Boat

Precision Sheet Metal Fabrication

### EAMA puts together and sponsors events all over the region.

*Some of these events include:*

**Industry Open Houses-** Manufacturers all over the state open their doors so you can get an inside look at how they operate as a manufacturing company.

**College and University Tours-** Take a tour of the manufacturing facilities at regional Colleges and Universities like TRCC, QVCC, and even UCONN.

**Manufacturing Video Competition-** An annual competition where CT High Schools team up with local manufacturing companies around the state to create videos that highlight the innovations and career opportunities at local manufacturers.

**Quarterly Seminars -** On topics of interest related to manufacturing, as well as information sharing at round-table discussions.

**Connecticut Advanced Manufacturing Initiative:**  
CAMI which is funded by a TAACCCT grant, will expand TRCC's and QVCC's nationally-acclaimed Advanced Manufacturing Centers and Industry-Driven Job Training models.

**Early College Opportunity:**  
ECO is a program that allows students to dual enroll in select High Schools and Colleges to earn an associate degree in manufacturing related fields.
