Franklin, Connecticut 06254

Eastern Advanced Manufacturing Alliance

Manufacturing a Path to Success

What is EAMA?

EAMA is a non-profit organization comprised of manufacturers in Eastern Connecticut, South Central Massachusetts, and Northwest Rhode Island. EAMA works with its education and training partners to promote and improve Manufacturing Careers and the Regional Manufacturing Workforce. EAMA creates a platform for our member companies to speak with one voice to advance the region's manufacturing agenda.

Our Mission

It is our mission to strengthen the regional advanced manufacturing industry by harnessing the collective energy of regional manufacturers through advocacy, workforce and education development, and career awareness.

EAMA Serves Over 12,000 Manufacturing Employees within its Member Companies

Meet Our Partners

Three Rivers
COMMUNITY COLLEGE

Connecticut Advanced Manufacturing Initiative: CAMI which is funded by a TAACCCT grant, will expand TRCC's and QVCC's nationally-acclaimed Advanced Manufacturing Centers and Industry-Driven Job Training models.

Early College Opportunity: ECO is a program that allows students to dual enroll in select High Schools and Colleges to earn an associate degree in manufacturing related fields. Associate Degrees can be earned in 4-6 years.

Benefits of EAMA

Professional Networking & Information Sharing

Members have access to EAMA Partners such as EWIB

Ability to provide input on State Manufacturing Policy and Initiative

Company Tours allow members to raise Public Awareness and Cultivate Future Workforce

Priority Access to Trained Workers and recent Graduates of Advanced Manufacturing Programs

Ability to provide Direct Feedback to Education and Training Providers about Work Force Needs

Participation in a Variety of Events Designed to Enhance Awareness such as State Funding Apprenticeship and Best Practices

Our Four Priorities

Increase awareness of manufacturing and manufacturing careers in the Eastern CT region, and increase the number of individuals in the region who pursue jobs and careers in advanced manufacturing.

Improve manufacturing education at the secondary and post-secondary levels.

Advocate for policies and resources that are advantageous to the Advanced Manufacturing industry, and to education and training programs that support the industry.

Share best practices in manufacturing workforce development among EAMA members and other employers.
